Special Operations Division

The Kennewick Police Department Special Operations Division includes Police Records, Evidence, Youth Services, Crime Prevention, Crime Resistant Community Living (CRCL), Citizens Helping in Police Services (CHIPS) and the coordination of all Special Events within the City of Kennewick to include Water Follies, 4th of July Fireworks and the Benton/Franklin County Fair.

Records

The Police Support Specialists Division manages all police records for all divisions within the Kennewick Police Department. Our unit also processes concealed weapons permits, enters warrants and court orders into WACIC/NCIC, provides logistical support to our Prosecuting and City Attorney’s Offices and gathers internal information related to public records requests.

Evidence

The Evidence/ Property Division has one full time employee and one part time Police Support Specialist and utilizes our Police Cadets when necessary. In addition to assisting with crime scene processing, the unit is responsible for managing all property and evidence collected by our police officers. They also facilitate the transfer of all evidence for adjudication.
Special Operations Division

Youth Services
Last year we added two additional school resource officers to the middle schools, which has turned out to be very beneficial to student safety. Our relationship with the Kennewick School District continues to get stronger each year. We provide monthly training to include conducting tabletop drills in our schools as well as school walk troughs. We also participate in Student Threat Assessment teams, who collectively work to keep our students safe from internal threats. The safety of our students remains one of our highest priorities.

Community Relations
Building relationships with community members and identifying crime trends is an essential tool to gaining public trust and being committed to public safety. Our growing social media presence has proven to be an effective way to communicate what is occurring, what we are doing about the issue and what we want the public to know in real time. Our Crime Resistant Community Living Program continues to grow and we have collaborated with our local police agencies to increase awareness through our collaborative training. In addition, our Citizen’s Academy is a great way to educate our public and is a gateway into our Citizens Helping in Police Services volunteer program. In addition to providing public presentations, citizen ride alongs and outreach opportunities we also track sex offenders who live in Kennewick and conduct public notifications and meetings when necessary. Lastly, we have been very engaged in Mental Health Court and Drug Court.
The Office of the Chief, also known as the Administrative Division, is the smallest division in the Kennewick Police Department but has the most influence on the organization. The complexities of police administration specific to budget and policy in an organization our size requires attention to detail and forethought.

- Division Commander – Commander Trevor White
- Administrative Lieutenant – Lieutenant Christian Walters
- Training Supervisor – Sergeant Trever Davis

In response to inquiries by city council members as well as concerned citizens, the City Attorney’s Office has prepared the attached presentation to provide an overview of the city’s authority to take action through its police department and the limitations placed upon that authority through state law.
City of Kennewick
Police Power 101
Application to present day questions
City of Kennewick
Police Power 101

- Wash. Const. art. XI, § 11. Police and Sanitary Regulations
- Any county, city, town or township may make and enforce within its limits all such local police, sanitary and other regulations as are not in conflict with general laws.
35A.11.020. Powers vested in legislative bodies of non-charter and charter code cities

Such body may adopt and enforce ordinances of all kinds relating to and regulating its local or municipal affairs and appropriate to the good government of the city, and may impose penalties of fine not exceeding five thousand dollars or imprisonment for any term not exceeding one year, or both, for the violation of such ordinances, constituting a misdemeanor or gross misdemeanor as provided therein. However, the punishment for any criminal ordinance shall be the same as the punishment provided in state law for the same crime. Such a body alternatively may provide that violation of such ordinances constitutes a civil violation subject to monetary penalty, but no act which is a state crime may be made a civil violation.

The legislative body of each code city shall have all powers possible for a city or town to have under the Constitution of this state, and not specifically denied to code cities by law.
• 35A.12.020. Appointive officers--Duties—Compensation

The appointive officers shall be those provided for by charter or ordinance and shall include a city clerk and a chief law enforcement officer.

• 35A.21.030. Mandatory duties of code city officers

Except as otherwise provided in this title, every officer of a code city shall perform, in the manner provided, all duties of his or her office which are imposed by state law on officers of every other class of city who occupy a like position and perform like functions.
City of Kennewick
Police Power 101

• 35A.21.161. Regulation of activities and enforcement of penal laws

• All code cities shall observe and enforce, in addition to its local regulations, the provisions of state laws relating to the conduct, location and limitation on activities as regulated by state . . .
City of Kennewick
Police Power 101

• **RCW 39.34.180**

  Per RCW 39.34.180 local government is responsible for the costs relating to arrest and prosecution of adult misdemeanors committed within its boundaries, it can fulfill that obligation through its own courts or by Interlocal Agreement.

• Kennewick has its own municipal code that is enforced through its police department.

• Kennewick contracts with Benton County for District Court Services, Public Defense Services and Jail Services
City of Auburn v. Gauntt, 174 Wash.2d 321 (2012)

Per City of Auburn v. Gauntt, 174 Wash.2d 321 (2012) cities do not have the authority to prosecute violations of state statutes. A city can either adopt the RCW section by reference in its code or can adopt its own municipal code version.
City of Kennewick
Police Power 101

- RCW 38.40.120. Authorized military organizations

- No organized body other than the recognized militia organizations of this state, armed forces of the United States, students of educational institutions where military science is a prescribed part of the course of instruction or bona fide veterans organizations shall associate themselves together as a military company or organize or parade in public with firearms: PROVIDED, That nothing herein shall be construed to prevent authorized parades by the organized militia of another state or armed forces of foreign countries. Any person participating in any such unauthorized organization shall be guilty of a misdemeanor.
City of Kennewick
Police Power 101

• Challenges to Enforcement of RCW 38.40.120:
  • City has not adopted this RCW by reference or its own version in its code
  • Any investigation would need to be referred to the County for review
  • There is no case law interpreting this statute
RCW 9.41.270(1) simple open public carry is lawful in Washington – with certain exceptions and restrictions -

It shall be unlawful for any person to carry, exhibit, display, or draw any firearm, dagger, sword, knife or other cutting or stabbing instrument, club, or any other weapon apparently capable of producing bodily harm, in a manner, under circumstances, and at a time and place that either manifests an intent to intimidate another or that warrants alarm for the safety of other persons.
City of Kennewick
Police Power 101

- Identification of Individuals through a Terry stop, based upon open carry alone not permitted per State v. Tarango 7 Wash.App. 425, 436-437 (2019) - To conduct a Terry stop, an officer must have reasonable suspicion of criminal activity based upon specific and articulable facts known to the office at the inception of the stop. The presence of a firearm in public is insufficient, standing alone to support an investigatory stop. “Since openly carrying a handgun is not only not unlawful, but is an individual right protected by the federal and state constitutions, it defies reason to contend that it can be the basis, without more for an investigative stop.”
City of Kennewick
Police Power 101

- Federal Circuit Court of Appeals precedent recognizes that state government has broad leeway to regulate public carrying of firearms – open carry and concealed carry
- Per RCW 9.41.290 Washington state preempts the field of firearms regulations:
  - Kennewick is prohibited from adopting a more restrictive code related to open carry
  - “Cities or towns, and counties or other municipalities may enact only those laws and ordinances relating to firearms that are specifically authorized by state law, as in RCW 9.41.300, and are consistent with this chapter. Such local ordinances shall have the same penalty as provided for by law. Local laws and ordinances that are inconsistent with, more restrictive than, or exceed the requirements of state law shall not be enacted and are preempted and repealed regardless of the nature of the code, charter, or home rule status of such city, town, county or municipality.”

*Not all requests result in calendaring. Hundreds of additional calls are made and letters are sent out annually in attempts to make contact with uncooperative victims or witnesses. **KPD lost some date due to a technical issue for about a 2 month period. On average that is an additional 200-250 cases not included in the above number.**

• **DUI & NEG DRIVING 1ST**

  - Due to a 10-12 month backlog at the Washington State Toxicology Lab where blood is tested, some of these may be dismissed and refiled in another statistical year for final prosecution.

  - Note: DUI dismissal statistics may reflect higher than actual numbers. The WA St Tox Lab is experiencing delays of up to 12 months processing blood test results. DUI’s are being dismissed to preserve speedy trial for effective prosecution after the blood results return. We intend to re-file those DUI’s once lab results return positive—many in different statistical reporting years.
