

Synclio

You're A Business, Take Calls Like One!

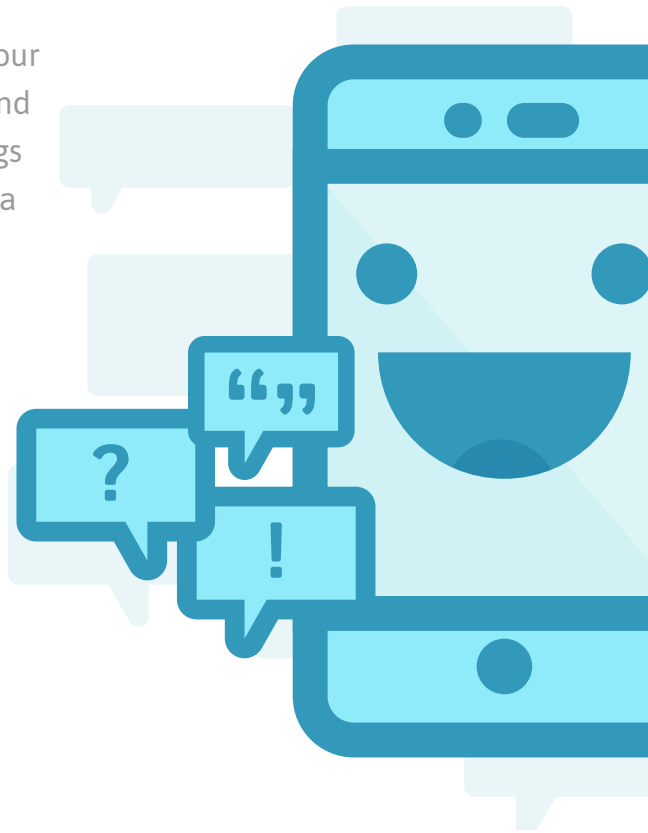

Official Pricing Guide 2012

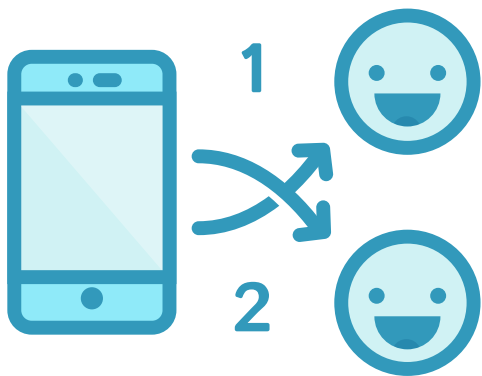

Why You Should Choose Synclio

Could your business use a boost? Would you like to increase your reach, provide your business with a more professional image and get access to all of the fancy bells and whistles that the big dogs have used to their advantage for years? Now you can – and at a fraction of the cost! With our virtual phone system, you can stay connected with your team, your suppliers and your customers, wherever and never miss another lead again. Get the power of cloud technology, right at your fingertips.

With features like toll-free numbers, visual voicemail, robust phone trees, find me/follow me and more, you can position your business at the forefront of technology. Manage all of your business communications at the click of a button, with no equipment to buy or complicated system to maintain.

What exactly can Synclio do for you?

Keep Your Team Connected

With innovative features like advanced call forwarding, group calling and business SMS, you can bring your team together, whether they're across the office or on the other side of the world. With our virtual phone system, you can empower your team with mobility and stay connected from anywhere.

Synclio Is Mobile & Global

Break the chains of traditional business phone systems, bring your business mobile and reach global possibilities with Synclio! Take calls anywhere – at the office, at home or on the go and expand your reach from across the street to around the globe.
